Volume X

Yeagertown, Pennsylvania

MR. HAROLD E. WEBB

We, the class of 1952, dedicate this the 10th volume of L'Histoire to Mr. Harold E. Webb, our teacher and friend. Because of his pleasing personality, his interest in the welfare of his students, his ideas of fair sportsmanship, and his loyalty to the boys in football season, Mr. Webb has helped to make our school days more pleasant.

DEDICATION

In the class room.

As football trainer.

ALMA MATER

Oh, here's to thee Old Derry
Long may you reign supreme.
Your high ideals we'll cherish
And your merits we'll esteem.
We'll win for you Old Derry
High honor and true fame.
We ever will be loyal and. . . .
We'll praise your grand old name.

FOREWORD

As time ever continues in its dignified eternal motion and as darkness turns to light, the future revolves to the present and the present which becomes the past is soon forgotten. However, the camera, a mortal but miraculous creation, not only sees in a split second such minute details as are rarely caught by the human eye, but records them for the eyes of posterity. On the pages of this book the camera has recorded for us details of the people, activities and sports events at the Derry Township High School in the year 1951-1952.

ADMINISTRATION

BURNHAM-DERRY JOINTURE

On July 1, 1951 the Burnham School District and Derry Township School District formed a jointure which is called the Burnham-Derry Joint School District. The two schools have already benefited economically inasmuch as the state grants a greater appropriation to jointures. This move was the greatest ever taken

PAUL S. SWANK

Supervising Principal of Burnham-Derry Joint School District

in the history of either school and has been brought about by men who were interested in giving greater educational opportunities to the students of the two districts.

Already many things have come about as a result of this jointure. Art classes are being made available to students of both schools for the first time and the Derry Junior High students are receiving training in Industrial Arts, which is a new field of learning for them. In regard to sports, another feature which has been accomplished this year is the joining of all athletic teams, except football. These things were originated nearly two months after the jointure was formed. Only one conclusion can be extracted from these facts. The men behind the jointure are striving for the betterment of education in this community and their only reward is to see their ideals fulfilled.

Many problems have arisen in relation to the jointure but they have been ironed out smoothly by our relentless working instructors. One of the great Presidents of the United States once remarked, "In unity there is strength;" henceforth we shall have strength in our jointure.

SENIOR CLASS HISTORY

We, the class of '52, are rapidly approaching the greatest victory in our struggle for knowledge--Graduation. We have been fighting vigorously and intelligently for twelve years to reach this, our supreme goal. We have already experienced eleven other minor victories, each one a little greater than the one before. But we await with great eagerness and expectation the concession of our foes (the courses and studies we have taken) to a complete and unconditional surrender in the form of eighty diplomas. Our number was much greater when the eyes of the camera first caught sight of us. We were then invading the tenth grade. As the battle continuously became more difficult, a few were overcome and fell by the wayside. In our ranks, we now have eighty.

As we await with anxiety the coming events, let us look back on some of the instances which the eyes of the camera have preserved for us.

Our invasion of the upper classes really began in 1949. We were entering high school as sophomores, and we learned to cope with new responsibilities that go along with growing up. This was the year we chose our class colors, our motto, and our flower. But our battle that year was considerably easy to win, and now we realize that it was only a candid snapshot which the camera took of us.

However, in 1950, as we again invaded the halls of Derry High, this time as Juniors, a larger camera with a more important standing was sent into the front lines to cover the events which were to take place. We remember such outstanding scenes as our classmates in their new hats and pennants and rings, as well as our first class play, and our Junior Prom.

Then in September of 1951, the camera was again set up to cover the commencement of the greatest battle in our history. We were entering the portals of Derry High for the last time as a class of students--Seniors to be exact. During the opening struggles of this last great battle we faced many perturbing problems, but all were readily solved and victory was again taken in stride. Viewing the camera's pictorial recordings of this period, we see snapshots of our Senior Class play and of the many lesser activities in which we took part. These were to prepare ourselves financially for our Senior Class trip to Washington, D. C.

We shall never forget Derry High! For in her, through her, and by her we have benefited in more ways than can be imagined, and in such ways as could never be expressed in mere words. In our mind's eye she shall ever stand as a symbol of youth, learning for the sake of freedom and tranquility.

There we see the camera again ready to snap a picture of our last salute to our beloved Alma Mater.

The Victory is ours, the spoils are won! May the world benefit by them.

CONCERT BAND

Many and varied were the activities of the Concert Band with its membership of 60 students. It provided music for all assemblies with a special program at Christmas time. This year the Derry Band had the honor of being host to the Mifflin County High School Band Festival on January 31, February 1 and 2. One of the highlights of the Spring was the annual Concert on March 21. Exchange Concerts were held with Bellefonte, Lewistown, and Burnham. Although commencement is the last formal appearance of the band during the school year it continues to rehearse and to participate in various activities during the summer.

BAND

The 72 members of the marching band participated in numerous activities this year. They gave many fine performances during the football games in the form of drills, maneuvers and all types of music. Last fall they took part in the annual Halloween Parades at Milroy, Belleville, and Lewistown as well as at the Burnham Homecoming Celebration and the Elk's Anniversary Parade in honor of Vice-President Barkley. Both the Marching and the Concert Band are skillfully directed by Hans W. Uberseder.

CRIMSON STAR PLANS TWO NEW COLUMNS

At a recent Crimson Star Staff meeting it was decided that this newspaper would print two new columns, consisting of material submitted by students and teachers in Derry Township High School. One will be composed of news from each homeroom, while the other is "Letters to the Editor." The latter will include any comments or suggestions the students and teachers wish to make. The articles are to be deposited in the suggestion box in the lower hall. Signatures should accompany all letters. The items will be printed beginning with the February issue of the Star. Mr. Johnson sincerely hopes that this will be to the advantage of the school.

NHSPA ACCEPTS 4 DERRY POEMS

Certificates of appreciation were received by four Derry students from the National High School Poetry Association for the publication of their poems in the January issue of the Star. The students are: Paul Faith, Men Bar, and Dorothy L. The poems were "The Stream," "The Last Three Entrants," and "The Derry Township High School Junior Class." Following a contest given for the band, the last three entrants are: James Heller, Patricia Uhler, and L. The poems were given for the band, the last three entrants are: James Heller, Patricia Uhler, and L. SENIOR CLASS PLAY

"Agnes is a cranky, snoopy, old bag."

"Please, Cousin Agnes"....

"MEET CORLISS ARCHER"

The Senior Class presented "Meet Corliss Archer" on November 30, 1951 at the Burnham High School Auditorium under the capable direction of Miss Lois Long.

Corliss Archer (Grace Adams) and her friend Mildred (Phyllis Wray) write a diary accusing her father (Paul Reed) of being a drunkard and her boyfriend, Dexter Franklin (Bill Wilt), of giving her alcoholic drinks.

Corliss' Cousin Agnes (Dorothy Felmlee), a very snoopy old maid, finds the diary, tells Mrs. Archer (Geraldine Rosenbaum) and Mr. and Mrs. Franklin (Ken Partchey and Bertrice Aurand) about it.

Near the end Corliss is stricken with an appendicitis. When she is brought home, she thinks Dexter doesn't care about her any more, and so she decides to put on a death-bed scene for him. Finally everything is straightened out and they are back together again.

Other characters in the play are: Betty, another girlfriend, Patsy Lilley; Louise, the Archer's maid, Betty Kahley; the Doctor, Dick Mowery; the Nurse, Janice Amspacker.

"I love you Corliss."

"Oh!!!!"

"Dear Diary"

"Thanks, Miss Long."

HARD WORKERS

The Library Staff is composed of 27 students who aid Miss Hunter, librarian and supervisor of the staff, in performing her duties. The student librarians contribute three periods each week to working in the library. Their duties consist of signing out books and keeping the library in order. However, the staff also takes charge of the sale of tickets for all Antrim Bureau Shows which are sponsored by the library. Profits received from these programs are used to purchase new books. The training in accuracy and in locating information which these boys and girls receive from their work here will be a great asset to them as they take their place in the world.

NEW VENTURE

The first Tri-Hi-Y at Derry High was organized in the Fall of '51, as the Tri Delta Chi Chapter. Membership is open to all girls in the sophomore, junior, and senior classes. They dedicate themselves to creating, maintaining, and extending throughout the home, school, and community high standard of Christian character. The officers for this year 1951-1952 are: President, Wanda Knarr; Vice President, Janice Amspacker; Secretary, Peggy Hockensmith; Treasurer, Vonnie Evans; Chaplain, Nancy Gibson; Sergeant of Arms, Jean Freed; Historian, Janice Brisbin.

Derry's 1951 Varsity Football team has the unique distinction of being the last Derry Township Eleven ever to play. The players, coaches, athletic council, and principals will go down in history and be remembered by all who were their ardent backers. Having played ten teams, of which nine were from class "A" schools, the Red Raiders came out victorious in six encounters. All in all, our team came through a very tough schedule with a fine record of six wins and four losses. Our three coaches, Mr. Daubert, Mr. Estright, and Mr. Brown should be given much credit for their leadership and inspiration. The schedule of the 1951 season was as follows:

Burnham-Derry Junior High Football

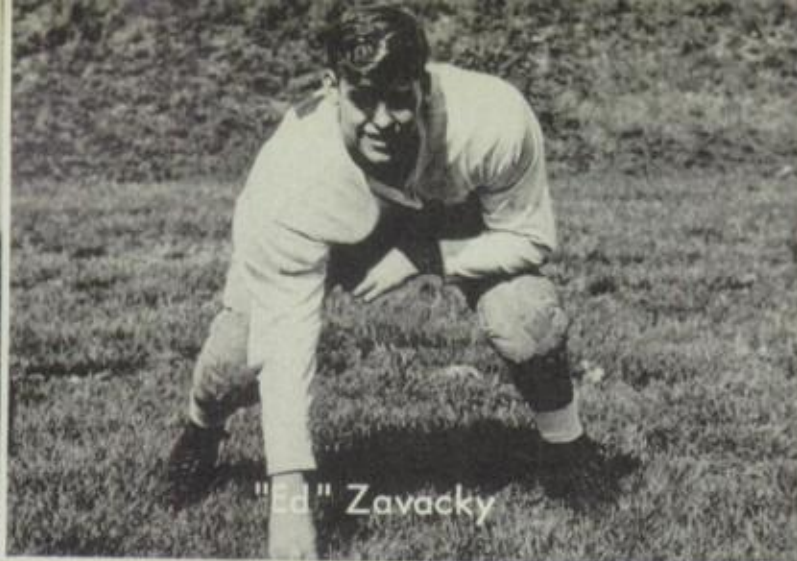

The Junior High Team of 1951 was one of the first steps taken by the Burnham-Derry Schools toward the unification of athletics. Under the keen guidance of Mentor Albert Brown, the team had a highly successful season. When practice started in the fall, many boys reported from each school. Playing a light schedule this year, the boys worked well together as one unit and promise a bright outlook for future sports.

History Of Derry Township Football

As one of the many features in L'Histoire this year we are presenting this page of statistics showing records of Derry Township High School football from its origin until its finis.

As early as 1914 there was in existence in Yeagertown a town football team whose home field was across the creek near the Standard Steel Works' new parking lot. Although no accurate records are available for the first few years of high school football the first team was organized in 1918. They played on what is now the Meadow Field Playground in the upper end of Yeagertown. However, it is believed that those first high school teams did not have a regular coach.

Many things have changed since the beginning of football at Derry Township. Several boys on those first teams had quit school and were working but still would play when game time rolled around. Fine transportation is provided today that wasn't available to our former athletes. All equipment is owned today by the school whereas in the early days of football one wishing to play had to furnish his own equipment. Today great emphasis is placed on referees who officiate the games. Our school always tries to get top-notch officials. Although the home team today has the privilege of selecting these men, the opponents have to okay them also. This whole procedure is in sharp contrast to earlier methods by which the referees were selected from the town people.

One incident that was brought to my attention by a former coach at Derry Township is quite contrary to our present interpretation of the rules. Our football team was playing in Millersburg one year and the players from Millersburg were trying to avenge an earlier defeat. The officials weren't too well educated in the game of football and as a result five of our touchdowns were called back and one of the Millersburg players ran eighty yards out of bounds to score a touchdown which of course was given to them. They went on to win the game that year.

Football, as you can readily see, has become a game of fairness and great competition. Our present teams are profiting by changes made in rules through these years. To verify this statement our present coach, Mr. Daubert, has compiled one of the best records in our school's history: namely, a total of forty wins, eighteen losses, and three ties.

The year 1951 brought about many changes in our academic and athletic program. Soccer, for the first time, was introduced into our schools and although the record wasn't outstanding, the players showed great interest in the sport. Coach Kline conquered the first step toward success in any sport, that of being able to get the boys to co-operate. Next year should bring about better results because we lose only six boys, by graduation, out of a squad of twenty-nine.

Coach Estright's grapplers have shown great interest and improvement during this season which is their second year of wrestling. Although winning only one match in a schedule of seven, the team compared favorably with the teams of schools in which wrestling is a long-established sport.

We lose three boys of the starting eleven by graduation, but there are many fine prospects to fill these vacancies.

At the close of the season our team was represented in the District 6-9 Wrestling Tournament, which was held this year in Lock Haven.

Our girls, under the guidance of Miss Cramer, had a fairly successful season winning two out of six contests. The Burnham-Derry Consolidation wove a solid nucleus, inasmuch as co-operation and team loyalty are concerned, but league competition proved too great for them to win every game.

These two pages show the first Burnham-Derry basketball squad in action--the type of action which encountered a tough schedule and dribbled its way to an "eleven and two slate". Honorable mention, indeed, should be given our two coaches, Mr. Koons and Mr. Brown, for the very able guidance and assistance which they readily rendered to our team. This year's quintet, although not in any organized league, has conquered sufficient class "A" teams in order to enter a "play off." The co-operation of the players and superb instruction by the coaches are an excellent foundation on which to build in the future.

OUR APPRECIATION

We, the staff members of the 1952 edition of L'Histoire, wish to thank all those who have helped in anyway with our yearbook and without whose assistance it could not have been completed. Special thanks goes to Mr. Snook and to Mrs. Esh for their patience and co-operation with the photography and artwork. Our thanks also to the following patrons for their much needed financial support:
